"I am most excited about the possibilities of making a positive difference in the lives of our vendors and customer. It attracted me to offer the best solution and provide the most effective answers to all occurring problems. It excites me to think that I can learn new things every day and feel that I can make my team's life easier by supporting them. I feel like every day at work is an opportunity I have to contribute to the growth of the company. I also love having new challenges every day that I can take ownership on and be satisfied when overcoming them in an effective manner. Overall, being able to evolve in a trusting environment, and surrounded by people that are always willing to help, on professional but also personal level."
